

*Consistent with New York State Education Law 129-B and policies of The State University of New York, Buffalo State College participated in the 2021 University-wide Biennial SUNY Uniform Campus Climate Survey. The Survey gathered information about student and employee experience with sexual and interpersonal violence and knowledge of policies and resources.*

*1308 students and 480 employees completed the survey, for response rates of 18.2% and 31% respectively.*

*In the survey, 42.6 of female students, 10.8 percent of male students, and 0 percent of gender non-binary students reported that they were subject to sexual harassment in the prior year. 25.4 percent of female students, 2.3 of male students, and 0 percent of gender non-binary students reported that they were subject to sexual assault in the prior year. 73.7 percent of students indicated familiarity with affirmative consent, 53.9 percent indicated that they knew where to report, and 31.2 percent could identify the Title IX Coordinator.*

*Buffalo State College, working with SUNY and community colleagues (including students, faculty, and staff), will use these data to improve response to violence, develop prevention programs, and will continue to study the issue. The next SVP Campus Climate Survey will be administered in Spring 2023. More information about the survey is available at <https://www.suny.edu/climatesurvey/>.*
