

BUFFALO STATE UNIVERSITY STUDENT ACCESSIBILITY SERVICES, IN COLLABORATION WITH THE CARE TEAM AND COUNSELING CENTER, INVITE YOU TO JOIN US:

# NeuroDiverse Ed:

## Empowering Educators, Supporting Students

### FEATURED SPEAKER: KENDRA EVANS

Students who learn and process information differently often struggle in traditional academic settings. Learn how to effectively support and retain the increasing number of neurodivergent students from the Director of Spectrum Support Programs & Interim Director of Disability Services at the Rochester Institute of Technology.

**March 25th from  
10am-2pm**

**Campbell Student  
Union Social Hall**

### UNDERSTAND SENSORY CHALLENGES: AMY RUFFINO

This presentation will provide faculty & staff with a deeper understanding of the sensory challenges faced by neurodiverse students within the classroom, campus environment, and residence life.

### EMPOWERING EDUCATORS, SUPPORTING STUDENTS: A PANEL DISCUSSION

Our speakers will be joined by Dr. Kathy Doody, professor of Exceptional Education at Buffalo State University & David Herring from the Neurodiversity Network of WNY to discuss ways to create supportive and inclusive spaces
